Employees may be eligible to apply for long-term care insurance even if you are not enrolled in the FEHB Program.

This program offers qualifying student loan reimbursement up to \$40,000 a calendar year up to \$200,000 over a 5-year period.

# CHOOSE VA: For the Retirement Benefits

Get ready for retirement with 3-pronged support consisting of a federal pension, the employer-matched Thrift Savings Plan (TSP) 401(k), and Social Security.

\*Conditions apply. See the next 3 pages for more information and <https://www.opm.gov/retirement-center/newprospective-employees/>.

**Get Credit for Military Service.** Don't worry, as a VA employee, you may carry over military service time that is added to your total years of work for retirement purposes. This may increase your retirement pension payments (conditions apply).

## Thrift Savings Plan (TSP) Federal 401(k)

Grow retirement funds by supplementing your pension, Social Security, and other savings with TSP.

- **More savings.** TSP lets you contribute up to \$23,500 a year to your account. TSP contribution limits may change, so check the TSP website for the latest information.
- **Catch-up at mid-career.** If you are age 50 or older, grow TSP beyond the maximum with additional “catch-up” contributions. Catch-up limits for ages 50-59 is up to \$7,500 per year for a total potential contribution of \$31,000. Catch-up for participants age 60-63 is up to \$11,250 for a total potential contribution of \$34,750. Catch-up ceilings are regularly increased so check the TSP website for the latest information.
- **Employer matching.** Earn VA contributions right away. VA makes an automatic contribution of 1% of your salary into your TSP fund. VA matches contributions dollar-for-dollar on the first 3% of your salary and 50 cents-on-the-dollar for the next 2% of your salary, for a total of up to 5% in employer contributions.
- **Vesting.** When you are “vested,” you have ownership of contributions, they are yours to take with you, into the next job or retirement. You are automatically vested in your own contributions and VA’s matching contributions from day one of VA employment. Employees are vested in the 1% automatic contribution after 3 years of VA service.
- **Low-cost, choice-based investing.** TSP features matching funds, tax-treatment options (pretax traditional/after-tax Roth), investment choices and portability so you control how much you contribute and where to invest. TSP annual administration fees of 0.06% (total expense ratio) are significantly lower than industry range of 0.2% to 5%. That is more money in your pocket to use when you retire.

# Federal Employee Retirement System (FERS)

**Become vested in FERS Basic/Defined Benefit pension after only five years of creditable civilian service.**

**Generous pension.** Under the federal retirement system, your future pension benefits are funded through an automatic deduction from your salary and a matching contribution from VA each pay period. After retirement, monthly pension annuity payments are distributed for life.

Federal employees hired before January 1, 2013, fall under the original FERS program and contribute 0.8% of their salary to retirement. Those hired after that date fall into either the FERS-RAE (hired in calendar year 2013) or FERS-FRAE (hired in 2014 or later) and contribute either 3.1% or 4.4% to retirement, respectively. Employees under each of these programs receive the same retirement benefits. VA contributes 18.4% for FERS, 16.5% for FERS-RAE and 16.5% FERS-FRAE employees.

## Long-term disability and death benefits.

Become eligible for FERS disability retirement benefits (similar to long-term disability insurance coverage) and employee death benefits after 18 months of vested service. A federal employee's spouse may be eligible for the Basic Employee Death Benefit, which is equal to 50% of the employee's final salary (average salary, if higher), plus \$42,608 as of December 2024.

**Survivor benefits.** Become eligible for FERS survivor benefits plan after 10 years of vested service.

**Age defined.** Under age 62 the employee must have met their Minimum Retirement Age (MRA) between age 55-57 and they must have worked at least 10 years or greater under a retirement plan.

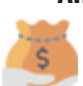

**Benefits defined.** You may be eligible for a monetary FERS supplement if you are less than 62 years old and reached your MRA with 30 years of service or age 60 with at least 20 years.

- Under 62 years old, the benefit is 1% of the highest 3 years of average salary for each year of service (conditions apply).
- Age 62 or older with 20+ years of service, benefit is calculated at 1.1% of the highest 3 years average salary for each year of service.
