# A Shared Purpose

---

At VA, we are united by a common mission — to serve those who have bravely served their country. Our core values — integrity, commitment, advocacy, respect, and excellence — define who we are and how we fulfill our mission. Together, these values provide a measure for the standards expected of all VA employees, reminding everyone that

**“I CARE.”**

We are dedicated to providing quality care to all Veterans regardless of **age, race, ethnicity, gender, or sexual identity**. But Veterans from underserved communities often encounter barriers to accessing health services.

To help bridge that gap, patients from **all backgrounds** must feel **represented** in their medical providers and confident that their unique health care needs are understood.

The success of our mission depends on VA employees from all backgrounds being able to contribute their **ideas** and **perspectives** to help us deliver unique, resourceful solutions for our patients.

## Join the Team

Whatever your field, you'll find that VA cultivates a flexible, collaborative, and inclusive work environment that maximizes your unique talents. By embracing and leveraging diversity, we've formed a world-class team, where employees are empowered and strive to achieve superior results.

We provide a vast array of exciting **career opportunities** that require the talents of an equally broad workforce. The diversity of our workforce has been steadily increasing since 2018, according to the Office of Resolution Management, Diversity & Inclusion.
